

The Meng Family Foundation & iGas Humanitarian Initiative

The **Meng Family Foundation**, together with **iGas**, is funding a life-changing humanitarian mission for **Ukrainian** children who have suffered deeply because of the war impacting their country.

We are bringing **six children, ages 11 to 16**, who each lost their father in the war, on a healing trip to the United States. Their journey begins at the [Fay School in Boston](#), continues to **Washington, D.C.**, where they'll visit the [Capitol](#) and meet Senators and Congressmen, then on to [Disney's Magic Kingdom](#) for two days of joy, and finally to **St. Petersburg, Florida**, for four days of beachside relaxation and emotional counseling.

In addition, the Foundation is supporting **300 children still in Ukraine**, relocating them from the front lines of eastern Ukraine to safety in the west. We are building **temporary school tents, supplying food, and learning materials** – ensuring these children, who have missed years of schooling due to COVID and war, can learn again in safety.

We are inviting our partners and customers to join this mission. **Donations are fully tax-deductible, and as a thank you, iGas will offer \$10.00 for every \$100.00 donated.**

iGas will provide a credit memo (valid up to 6 months after donation received) to apply for an invoiced amount at time of payment. Note: A credit cannot be applied to the purchase order – only on the payment.

We appreciate your contribution and support for the children and families of Ukraine. Please submit your donation via ACH, wire transfer, or check payable to:
